Representing you at City Hall

As your Councillor, it has been one of my primary goals to ensure that your homes are better protected in the future. I am pleased to share that this year will mark the completion of many of the West End Flood Mitigation projects. With the help of dedicated staff at the City, and the cooperation of residents, we have been successful at implementing these mitigation measures. Please refer to the back of this newsletter to see which projects will be occurring in our community this year.

Upcoming Events

March 24th: I would like to invite all volunteers that have participated in past Cleaning the Capital campaigns to join me for a **Kanata South Cleaning the Capital Volunteer Reception** that I will be hosting at the Eva James Centre, in the front lobby, from 7:00-8:30pm. There will be refreshments and prizes provided by Tim Horton's to celebrate all of the wonderful volunteers who have helped us to keep our ward beautiful. If you are interested in participating in this year's campaign please join us as well, as we will have information on the program available.

April 30th: I will be hosting a **Vanstone/Belleview information session** with City staff at the KRC on Terry Fox from 6:30-8:30pm to provide updates on this West End Flood Mitigation Project, and to address any questions that residents residing on the impacted streets may have. Please join us for this important meeting.

I hope to meet you at one of our upcoming events!

Young's Pond Revitalization Update

The vision for the revitalization of Young's Pond Park has always been to create an urban nature experience for the residents of Katimavik-Hazeldean, and Kanata South as a whole, as well as to encourage youth to enjoy a natural environment. With the help of some wonderful corporate sponsors in our community, the project will make this hidden gem the crowning glory of the neighbourhood. A new bunker to facilitate winter rink operations, the repairing of the clay liner of the pond itself, bird houses decorated by local students, improved accessibility for all members of the community, an interpretive board to help educate about the natural elements that are found in the park, as well as the addition of new benches and picnic tables, will help to provide a more inviting space for all in our community to come together to enjoy this beautiful green space. More details regarding the June Grand Re-Opening will be shared in the near future!

Again let me say that I consider it a privilege to have been elected to serve you. Please do not hesitate to contact my office with any concerns that you may have.

Respectfully,

Out and About in the Ward

Accepting the Spring 2013 Cleaning The Capital Ward Participation Award with Kanata South Community Association presidents, and City and Tim Horton's Representatives.

I had the pleasure of joining the Kanata Chinese Seniors Centre with our host Wen Jean Ho, for the Chinese New Year Celebration.

At Meadowbreeze Park in Bridlewood for "Hockey Day in Ottawa" with Bridlewood Community Association President Margaret Kellaway and residents.
